P-touch laminated labels – designed to last

Brother P-touch laminated TZe tapes are available in many different colours and sizes. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), protecting the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.

PT-E550WVP

In addition to the extensive range of TZe tapes in various colours and sizes, specialist tapes for industrial use have been developed for specific labelling tasks including.

Flexible-ID Tape
Use on curved sufaces, sharp bends or cylindrical surfaces.

Strong Adhesive Tape
Use on uneven, rough and textured surfaces.

Heat-shrink tube
Shrinks and grips cable when heat is applied.
