

## i2000flex AC Current Clamp

### Very large, flexible AC current clamp

Fluke Current clamps are the ideal tools to extend the current ranges of Fluke tools.

The i2000flex is a flexible AC current probe for use with oscilloscopes and multimeters. The supplied Dual Banana to BNC Adapter can be used for connection to instruments with banana inputs. The i2000flex is optimized for current measurement on thick and hard to reach conductors.

- Companion to your scopemeter, power quality meter or DMM to measure up to 2000 A AC
- Included adapter for DMM's
- Two ranges: 200 A & 2000 A, 1 or 10 mV/A output
- Ideal for current measurement on thick and hard to reach conductors without breaking the circuit
- Maximum conductor  $\varnothing$  160 mm
- CAT III 600V safety rating
