

Combination Square Sets SERIES 180

180-907 (Complete set)

Features

- Three measuring heads are attached to the stainless steel rule (blade), allowing versatile measurements on various types of work pieces.

Square head — Used to set the rule at 90 degrees or 45 degrees to an edge of a work piece.

Center head — Used to locate centers of round work pieces

Protractor head — Used to set the rule at a desired angle to an edge of a work piece.
Also used for measuring angles.
- The measuring heads are hardened.
- Economy sets not including a protractor head are also available.
